MEMORANDUM

From: Assistant Chief of Staff, Environmental Management  
To: Assistant Chief of Staff, Facilities, (PWO-G. Johnson)

Subj: SUPPLY WELL SAMPLING (DEC '95) ← REQUEST FOR SAMPLING AFTER THIS ...

Encl: (1) List of Supply Wells

1. The Agency for Toxic Substances and Disease Registry has recommended that Marine Corps Base, Camp Lejeune test all active supply wells annually. The active supply wells were initially sampled in 1995 by contract N62470-95-C-1501. It is requested that a contract be developed to sample the wells listed in the enclosure in the same manner as the previous contract. This contract should include indefinite quantity capabilities to sample additional active and in-active supply wells as needed.

2. It is our wish to work closely with your office and the contractor during the execution phase to ensure strict performance and quality of deliverables.

3. Funding for this project will be made available upon completion of the government cost estimate. Our technical point of contact for this project is Mr. Brent Rowse, Installation Restoration Division, Environmental Management Department, at extension 5068. Point of contact for funding is Ms. Dianne Ward at extension 5003.
